TO: [REDACTED]

FROM: [REDACTED]

SUBJECT: CONVERSION OF ARTICLE 384

This letter cancels and supersedes letter dated 12 October 1964, same subject.

Article 384 is to be converted to a Project J-75 airplane. Modification will include the following:

1. Standard J-75 conversion to a U-2C model.
2. Fuel dump system.
3. Perform complete IRAN.
4. System VI (modified "B" hatch) GFAE.
5. Install new autopilot.
6. Install new compass system.
7. Install cockpit update and canopy ejection system.
8. Install provisions for ECM pods.
9. Fabricate and install slipper tanks.
10. Install Systems 12B and 9B in lieu of Systems 12 and 9A.

The article will arrive 12 October and should be redelivered to the Customer on 22 March 1965.
